

# On My Mind [Videolink til original](#)

## [Chorus]

Don't want to feel you

Don't want you on my mind

Don't want to feel you

Don't want you on my mind

Don't want to feel you

Don't want you on my mind

On my mind, on my mind

Mind, mind, mind, mind

## [Verse 1]

   
Why on earth would I leave

   
If you were everything I wanted you to be?

   
When I saw what you did, who you were with  
   
Got me questionin' the things that I believe

## [Refrain]

   
So I ask myself, do I let you go?

   
Or do I keep you in the frame of my mind?

   
Now I'm growing wise to your sugar-coated lies

   
Nothing's sweet about my misery, yeah

## [Pre-Chorus]

## [Verse 2]

   
You again, why'd you call?

   
I don't need to hear you cryin' out my name

   
Unlike before when you and I laid eye to eye

   
Now it's time for you to taste the bitter end

## Hvor starter sangen?

Hvis du har svært ved at finde starttonen til sangen kan du spille den streng der står der ved hver sang og så kan du høre starttonen.

## Alle stemninger virker

Du kan selvfølgelig bruge samme ”vip” , selv om du stemmer guitaren et andet sted.

## Hvor mange strums skal jeg spille

Musik er som regel opdelt i 2, 4, eller 8. Så hver gang der er et nyt tegn skal du spille (1), 2, 4, eller 8 nedslag (strums) på guitaren med højre hånd.

NB! Dybste tone som ikke er grundtone  
stemmes to halvtoner op.

Tip: Knips evt. akkorder
